WHO ARE WE?

The PHCC is a three tiered trade organization dedicated to the plumbing, heating and cooling industry.

PHCC provides advocacy, education and training to approximately 3,300 plumbing and HVACR businesses and 65,000 technicians across the country.

Our members work in the residential, commercial, new construction, industrial and service and repair segments of the construction industry.

Members of PHCC have access to a wide variety of resources and services, strengthening their reputation as the best choice for professionalism, reliable products and knowledgeable service—and as a proud protector of public health and safety and the environment.

Approximately 125 state and local association affiliates are part of PHCC's chapter network.

FLORIDA ASSOCIATION of PHCC

Florida PHCC is part of the three tiered national association of plumbing & HVAC contractors. Florida PHCC is dedicated to providing our members, prospective members and the public information about choosing a licensed contractor.

Florida PHCC is a resource to assist you in:

- Developing and retaining a skilled workforce
- Developing and promoting your business
- Communicating with state and local legislative, regulatory and advisory agencies

Our goals are:

- Maintain the Health and Welfare of our Citizens
- Educate Contractors and their Employees
- Improve the Association by Bringing the Best of the Industry together

Mission Statement

Florida' PHCC is an association concerned with the health and safety of our society and the environment.

Through a partnership of industry contractors, manufacturers, wholesalers and industry affiliate members, we stand as the voice of our industry in the State of Florida.

Vislon Statement

Florida PHCC is Florida's single source, "value added" organization for contractors, manufacturers, wholesalers and affiliate members in the plumbing and HVACR industry.

FAPHCC for YOU in 2022

FAPHCC is working daily to promote and protect the plumbing and HVACR professions. 2022 will be an exciting year for members of FAPHCC as we:

- Continue growth of statewide apprenticeship programs for plumbing and HVACR professionals
- Offer NATE (North American Technician Excellence) certification for HVAC professionals
- Continue growth of enhanced craft training and pre-apprenticeship training options to promote and develop workforce skills. FAPHCC now offers 'Fast Track To Service', an 18 month accelerated skills enhancement trade course for plumbing service professionals.
- Promote and protect the plumbing and HVACR trades by advocating for skilled workers, educational programs and appropriate regulation to protect the health and welfare of our industry, our workers and the public.

Our Pledge

Florida PHCC will work tirelessly to meet the needs of your company and employees. Always keeping you ahead of the competition, our network of members places Florida PHCC as the premier organization for Plumbing and HVACR in Florida.
